REVIEWED: Describing a Company Product

→ Let's practice in detail with gestures!

- Let me take this opportunity to tell you about our new product, the x-100 headphone model.
- (Now say your phrase)
- This new product has three (attractive / key / appealing) points that I believe (customers /you) will like.
- (Now use THREE fingers in the air for gesture!)
- For starters, the weight of this product is very light. As a result, these headphones can be used for “long periods of time.”
- In addition, the bass sound of this product is very deep and powerful and is “second to none.” Consequently, I believe many DJs and music lovers will also want to buy and use these new headphones.
- Finally, the price of these headphones are “reasonably priced” compared to other high-end headphones in the market. Hence, from my perspective, we will be able to sell many headphones to both younger and older customers.

- (Now say your phrase)
